c/o 7814 Spitfire
Corpus Christi, TX 78412

Re: Request of December 3, 1984 for Attorney General's Opinion regarding certain Ordinances' of the City of Corpus Christi

Gentlemen:

We have your request of December 3rd, relative to a conflict between Ordinances' #17728 and #17152 of the City of Corpus Christi and Article IV, Section 1, of the Corpus Christi City Charter, with a copy of one page of the City Charter and a copy of each of the Ordinances' attached.

It is the policy of this office to consider any request for an opinion from the Attorney General subject to certain conditions. First, we need a specific statement of the question involved; in this instance the exact nature of the conflict must be stated. Secondly, we require of persons or organizations other than Nueces County to furnish us with a brief discussing the legal problems, citing all applicable legal authorities and theories in support of the position of the person making the request. This letter document of necessity must be the product of an attorney because it must serve as the supporting brief for our request. The Attorney General will accept no request without such a supporting brief.

After receipt of the above documents, this office will review the request and the brief filed in support, and if we feel the matter

Mr. Gilbert Caceres,
Chairman

of sufficient concern to the citizens of Nueces County generally, or to the administration of the affairs of Nueces County specifically, we will make the request of the Attorney General.

I am sure you will be happy to furnish us the supporting documents as well as an exact statement of any conflict which concerns you.

Yours very truly,

/S/

Carlos Valdez
First Assistant
County Attorney
