Dr. Hector Garcia

Corpus Christi, Texas

Dear Dr. Garcia:

We are in the process of bringing our Nationalities Division organization and letterhead up-to-date, and will consider it an honor if you will indicate your consent to continue with us in the services which the Division is rendering to the Democratic Party.

We are anxious to have all Senators and Congressmen associated with any of the nationality groups serve as members of a Coordinating Committee for the Nationalities Division, which will be consulted from time to time on all major policies, in close relationship with the officers of the Democratic National Committee.

Plans for the present up-dating of the Division's committee structure were made at a meeting in Chairman John Bailey's office last week, and we would like to complete this work in time for a conference with Senator Humphrey and Chairman Bailey, this Friday. We will therefore greatly appreciate a reply at your earliest convenience.

With every good wish,

*James H. Sheldon*  
JAMES H. SHELDON

P.S. - Assuming your acceptance, the Division's letterhead will also list you as a Vice-Chairman.
