Dear Dr. Garcia:

Immediately upon receipt of your letter of June 27, I contacted the Agency for International Development requesting that every effort be made to bring Vincente Ximenez to the States to attend your Convention in August in order to give us first-hand information as to the situation in Latin America.

I had hoped that something could be decided by now; however, I do want you to know that I am trying.

I certainly appreciate your kind words of support and I am deeply grateful for your offer to arrange a fund raising project in Corpus Christi for me.

I am looking forward to seeing you at the Convention in Chicago next month and I will advise you immediately upon receipt of information from the State Department relative to Vincente.

With warm personal regards and best wishes, I remain

Sincerely yours,

Joseph M. Montoya

Dear Dr. Garcia:

You don't know how much I appreciate your
nice letter.

We certainly enjoyed our stay in Corpus Christi,
and we haven't even met to discuss any of the testimony
that we heard on this trip. We expect to in the near
future, however.

You were mighty nice to us and we appreciate more
than words can express.

With every good wish, I remain

Sincerely your friend,

Robert A. Everett

Dear Doctor:

This is to thank you most sincerely for your expression of support during my recent "bout" with another Congressman from Texas.

Although press accounts of my so-called "slugging" of the 16th Congressional District's Representative were highly exaggerated to the point that they could possibly draw criticism of me, you may be sure that I made it implicitly clear that I do not intend to allow such careless and irresponsible character assassins to go unchallenged and unchecked.

Please know how very grateful I am that you have expressed your support of me. I will continue to do all within my power to merit your support as fully as it is possible.

Always feel free to write to me at any time.

With every good wish and thanking you again, I remain

Sincerely yours,

Henry
Henry B. Gonzalez, M.C.

Muchas gracias otra vez.
