Dear Dr. Garcia:

Messrs. Paul Wright and Kenneth Durrett have reported to me regarding the overall results of our inspection of the Naval Air Station and the Community Review of Corpus Christi. While I'm glad to see the progress that has been made during recent years in equal employment within the Federal agencies of Corpus Christi, I'm sure we both agree that further improvement is essential. Our inspection and Community Review should be helpful toward this end.

Messrs. Wright and Durrett have also told me of the arrangements you made for getting together the prominent members of the Latin American community of Corpus Christi. Group meetings of this type have been very helpful in giving us a more complete picture of the views and criticisms by members of various ethnic groups of the Federal government as an equal opportunities employer. Thanks again for the extra mile you went in arranging this meeting as well as the many other ways you have always assisted us in our responsibilities in Corpus Christi.

May I also add my congratulations to your beautiful daughter in her appearance as a part of the recent Mardi gras. From the picture I have seen, she was a real credit to the "House of Garcia."

Sincerely,

  
Louis S. Lyon  
Regional Director

Dear Dr. Garcia:

Thanks again for the assistance you gave Mr. Durrett and me during our recent visit to Corpus Christi. In particular, the meeting you arranged of prominent members of the Latin American community was a real assist in giving us a better picture of the Federal government's image in the community in the area of equal employment opportunities. This was especially helpful to us in carrying out the Community Review of Corpus Christi and the inspection of the Naval Air Station.

Your helpfulness is even more appreciated when I consider how much time you have given us from your regular very busy medical practice.

I enjoyed being your guest at the Mardi gras. I believe your daughter, Wanda, was a real credit to the "House of Garcia." But any one of the four beautiful ladies of your household would have done well. Again, my congratulations to Wanda.

Sincerely,

  
Paul E. Wright
