Dear Doctor Garcia:

I am enclosing the June, 1967 testimony of Archbishop Robert E. Lucey of San Antonio to the Migratory Labor Subcommittee of the Senate Committee on Labor and Public Welfare.

I would be grateful if you would look it over and, if you consider it relevant, enter it into the record of the present hearings now being conducted in San Antonio by the United States Civil Rights Commission.

I think the Archbishop's words are as applicable today as they were last year.

With best wishes, I remain

Gratefully,

Father William A. Killian
