RE: Urban Coalition Meeting  
7:30 P.M., Nov. 6, 1969  
Corpus Christi State Nat'l  
Bank in Assembly Room

Dr. Hector Garcia  
1315 Bright  
Corpus Christi, Texas

Dear Dr. Garcia:

You should have received a notice of the next Urban Coalition Meeting. Sometime ago you were elected as a representative by the people who attended a city-wide meeting when Father Barragan and Doctor Garcia and many others explained the forming of such a group. I hope that you can make arrangements to be present. It is of the utmost importance that we attend and represent the thinking of our people.

They are going to name permanent officers and task-force committees to work in different problem areas. You should be thinking of people you want to appoint in these committees. I personally hope that you can serve in one of the committees that are going to be formed. I understand that the following task-force committees will be formed at this meeting.

1. HOusing
2. Employment
3. Law Enforcement'
4. Park & Recreation
5. Education

So, you can see that we must have our people in each one of these committees. I am still of the opinion that the Urban Coalition is the type of organization that we need.

We expect to have Mr. Jerome F. Donovan from the Washington office of the Urban Coalition on this date and will look forward to hearing from him.

Please call Mrs. Rankin, telephone 883-2651, extension 224, and advise whether you can attend the meeting.

I am looking forward to working with you.

Sincerely,

*Paul*

Paul Montemayor *cap*

Thirtieth Reunion Letter  
UTMB Class of 1940  
November 5, 1969  
Page 2

Miss Mildred Robertson, alumnae secretary of the UTMB, has sent me her copy of our class roll with last known addresses. Somehow it seems to me there are still others whose names were omitted from the list. Would you please check it and bring it up to date and notify me if you have additions or corrections.

On display at the dinner we plan to have the individual pictures made in 1936 of each member of the class, the mug shots which were distributed to the medical school faculty for identification of the louts in the class. Also we would like to display other pictures showing the physical facilities, the faculty, the students, and any of their uncensorable activities captured on film during that period, 1936-40. Trust me with your tintypes, send them to me and I will have them duplicated and return the originals to you.

There is a questionnaire enclosed with this letter and it will strain few synapses to complete it. Please fill it out and return it at once. If you can give a firm answer now that you will attend, it will help us in planning. If you cannot be absolutely sure, then give us a tentative yes. We will correspond with you again before April 1, when we need to compile an exact count of those who will participate in this happy reunion.

We will publish any pertinent comments you contribute for the purpose. In thinking of his thirtieth year, one respondent has indulged in a bit of doggerel:

"My arthritis is better,  
My hearing is fine,  
I can see through my glasses,  
But I sure miss my mind."

Sincerely,

M. T. Jenkins, M.D.  
For the Reunion Committee,  
Class of 1940
