Dear Dr. Garcia,

Here is the "La Verdad" again. We are still fighting for our Civil Rights.

They succeed in shutting down the "C.A.A." & "Head Start" program. We fought hard but the Establishment had more pull than we did.

We ~~start~~ are still fighting "Urban Renewal" and have won many friends, on the other side of town, helping us. We are now trying and trying to clean out City Hall. Some times I get so tired, I can't

hardly move, but
we must and will
keep on.

The racial prejudice
here is terrible. Aren't
the men in Washington
on the "Inter-Agency on
Mexican-American", there
to help us? We asked and
asked no answer. They
say they will come and,
but now they are
making all kinds of
excuses. We sure can't
understand them.

Wish I could of been at
the "Mid-Year" Conference.
We will keep on and on
until we get our rights.

Sincerely
Mrs Edna V. Igo, Pres.
