MEMORANDUM

TO: National Chicano Advisory Committee
FROM: Grace Olivarez *GO*
RE: National Urban Coalition Health Program

The enclosed xeroxed letter from Dr. Silver should be self-explanatory. Please read it over very carefully and let us have your recommendations and suggestions no later than August 28, 1970.

We are beginning to see a great need for consulting with you almost on a weekly basis; therefore, please keep your eyes and ears open in your community as we will need to depend on you for advice and guidance.

We are enclosing a stamped self-addressed envelope for your prompt reply as we do not want to hold up Dr. Silver's health project.
