Dear Dr. Garcia:

Thank you for sending me material on school segregation of Mexican American Children in Texas. Please know that I understand that the issue involved here is the condition of educational facilities and the capability of those providing instruction. I hope that we do not become so lost in the busing issue that we forget the primary target of our concerns. An enlightened young child is a precious resource for this State and this Nation.

I extend to you my very best wishes in all of your efforts.

Sincere1

Barbara Jordan
