Dr. Hector P. Garcia 401 Peerman Street Corpus Christi, Texas 78411

Dear Dr. Garcia:

We realize that you share a great concern for the unique problems of minorities in Texas and throughout the nation. The State of Texas and the Governor's office are committed to achieving a better life for all citizens, just as you are.

Discussing and understanding the issues, problems, and possible solutions that exist constitute a great step toward our common goal. We are seeking qualified and creative individuals who can work with the "system" and make the "system" more productive and successful.

We would appreciate your sending our office more information of your present and past experiences. We look forward to hearing from you.

Sincerely,

Joe Trentin Special Assistant
