Dear Dr. Garcia:

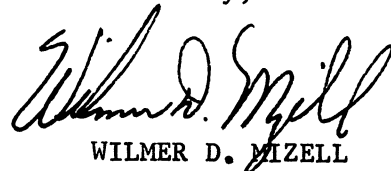

Thank you for your recent letter and enclosures concerning school segregation of Mexican American children in Texas. I understand your concern in this matter and am pleased that you have taken the time to write.

The information that you sent me was most interesting. I, too, am in favor of quality education and equal educational opportunity for each child. I am not in favor of spending money needed to accomplish these goals on busing, which will not solve the problem of poor educational standards and facilities.

Please continue to contact me on matters of interest to you in the future. I always appreciate your opinions and suggestions. If I can be of service to you at any time, please do not hesitate to let me know.

With kindest regards, I am

Sincerely,

WILMER D. MIZELL
