Dear Dr. Garcia:

Enclosed is a copy of the clean transcript of the interview we had with you. We do not expect you to edit this for style, but to be sure that the facts are as you remembered them on the day you gave the interview and to clear up any material that may need clarification. We hope very much that you will return the transcript and the appropriate release form by December 1.

Once again, thank you so much for taking the time to assist in this valuable project. The observations you have given will prove invaluable to future scholars and writers.

Sincerely,

Joe B. Frantz
