Corpus Christi, Texas 78405

Dear Hector:

Thank you very much for your correspondence recommending the appointment of Dr. Clopilde Garcia to the Constitutional Revision Commission. Your bringing this recommendation to my attention is appreciated.

The key to success in revising our 1876 Constitution and in receiving public approval of the revision lies in the selection of the right people to sit on the Constitutional Revision Commission. We must endeavor to obtain representation from each sector of our society so that the views of all our citizens are properly considered.

Dr. Garcia's qualifications for appointment to the Constitutional Revision Commission speak for themselves and I can assure you that your recommendation will be given the most serious, personal consideration.

Sincerely,
