Dear Tony:

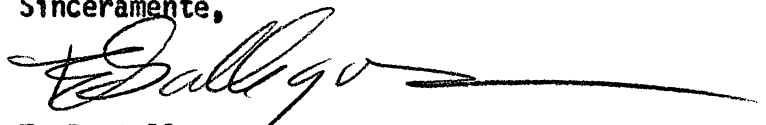

I have instructed Fenn Ellery to prepare any documentation we have so that it can be submitted to you for your information. Copies of almost all correspondence of importance are in the possession of Bernie Sandoval. I understand your people picked up all the VOP documentation from Rudy. Any of the proceedings on minutes that went on at the national convention are the function of the National Executive Secretary.

I had a short call from Fenn Ellery stating your concern as to my not sending you certain correspondence. I hope the above clears this up. If you have something more specific please let me know.

Enclosed is a copy of Present SER Programs Project Funding Survey, Financial Statement Non-Federal Account, and letter from the Department of Labor to Mr. Ricardo Zazueta concerning the language of the second supplemental appropriation bill of Fiscal Year 1974. These are most important to follow-up on. We know the LULAC is already organizing councils where there is a chance of having a SER project. They, of course, are not concerned with the Forum -- and rightly so. This should be our responsibility. I have checked those that are being considered.

If I can be of further assistance, please feel free to call.

Sinceramente,

T. E. Gallegos
Executive Secretary
Department of California
