PAUL C. MORENO

“Excellence is achieving your best against the odds. It is the ability to mold opportunity out of adversity and to make personal triumph out of life’s most difficult trials. Your life’s efforts are hereby recognized as a monument to excellence. They have changed your life, the lives of others and have made the world a better place in which to live.

Reverend Jesse L. Jackson
April 2, 1979
Los Angeles, California

PAUL C. MORENO was elected to the state Legislature 11 years ago. Since then he has been carrying the banner for just causes and defending the rights of all — working people, women, Mexican Americans, the poor. For the past 15 months he has served as chairman of the Mexican American Legislative Caucus and has accepted the role of representative for the Hispanic community not only for Texas but on many occasions of the entire nation. As chairman of the caucus, he has traveled to many cities to address the issues that affect us. Paul has carried a mighty load for us and we need to help him.

PAUL voted consistently in favor of:
Civil rights legislation, consumers, labor, women's issues.

PAUL was rated favorably by:
The Texas Observer, Common Cause, Communication Workers of America, Texas Consumers Association and Texas Civil Liberties Union.

Please join with us
