Dear Dr. Hector:

A note of continued thanks for all your past kindness, and to let you know my recovery from the fracture of the left hip is proceeding nicely. The quad-cane is still being used for balance.

My son, Jack, and I speak of you and your wife Wanda frequently, and the recall of the pleasant time we all spent together January 5th, 1979.

These clippings from the newspaper will interest you.

Kindest regards to you and your lovely and gracious lady.

Sincerely,
Grace Collins Brown
