Dear Dr. Garcia:

I called your office today to inform you that the problem involving Migrant Education in Salinas which you brought to my attention some two months ago has been favorably resolved in favor of the parents. You will soon be receiving further correspondence regarding this subject matter from Mr. Ed Cabrera, Director, State Migrant Education.

Your secretary told me of your hospitalization. Some three weeks ago I went in for observation since I had incurred some chest pains and required hospital care. Fortunately, my examination proved I was in relatively good health.

Since this experience I am finally changing my work habits. Please take care of your health. We need your assistance, your counsel and guidance, your inspiration.

God be with you.

Sincerely,

MARIO G. OBLEDO  
Secretary
