Dear Dr. Garcia:

With your host of friends and well-wishers, I send you sincere greetings on the occasion of the award of the Medal of Freedom which President Reagan is conferring on you. No one deserves this honor better than yourself. Among the many fine things you have accomplished, the one for which I am most grateful is the raising of the level of education for our youngsters in the schools. I know this took sweat and tears but much has been gained and, with God's help, more progress is up ahead.

With kind regards to your dear spouse and to the rest of your family, I am

Sincerely yours in Christ,
