Dear Hector,

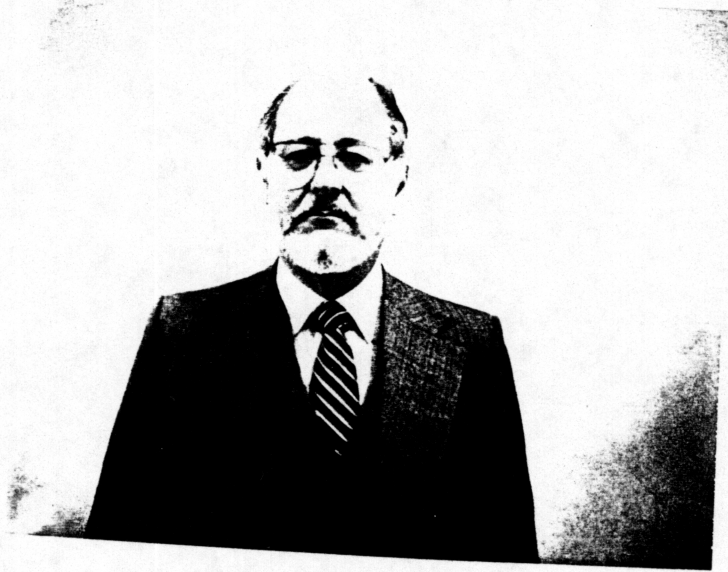

I enclose two stunning photographs taken by the Probation Department. I understand that the newspaper prefers black and white photographs, but in any event, this is all that I have, as usual.

Thanks for the newspaper clipping. I am so sorry that I missed you on your quick trip to Houston. I tried to run down John J. but I was never able to locate him until you had returned to Corpus Christi. I see that you have not slowed down one bit. I look forward to our visit. My wife was very disappointed that she was not able to meet you.

Sincerely,

James Deanda
