Honorable Hector P. García, M.D.

"Grace and Peace" Be Yours in Christ, Greetings,

Our hearts and our minds are leaping with joy because of your life of demonstrative commitment to the ideals of Freedom.

In our lifetime we have had the privilege to climb the mountains set before us. You have led our people unto the summits of equality.

My family and our community of faith joins me to offer you the "Abrazo" of fraternal congratulations upon your receiving the Presidential Medal of Freedom of our United States of America.

Dr. García, may you, your beloved wife and family always enjoy God's Peace that surpasses understanding and in the final of this life, Life Everlasting.

Most Sincerely,

Pastor Rudy Sánchez, D.D.
