Dear Dr. Garcia:

After lengthy public hearings and vigorous public debate, we now have an excellent opportunity to make substantial improvements in public education in our state.

On May 9, 1984, H. Ross Perot, an outstanding Texan and Chairman of the Governor's Select Committee on Public Education, will provide our community and political leaders with a full report on the Committee's final work product and its legislative recommendations. We invite you to join us for lunch that day to hear Mr. Perot's presentation at 12:00 noon in the Marina Room of the Sheraton Marina Hotel in Corpus Christi.

Please call 883-5465 to tell us whether you can be with us.

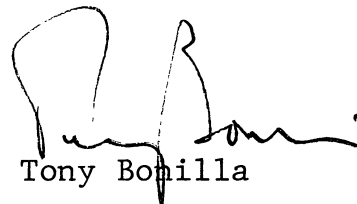

Sincerely,

Susan Hopkins
