

JACK L. MARTIN

TO: Statewide Host Committee
FROM: Jack Martin, Event Chairman
RE: Salute to Lloyd Bentsen, June 14
DATE: June 5, 1984

The event honoring Senator Lloyd Bentsen is progressing very well. At this date, we anticipate reaching our goals and are fortunate that virtually all of our statewide elected officials will be in attendance as well as a contingent of Party leaders from surrounding states.

Please continue your efforts to insure that we have a large turnout of key people from your area at this important event as a quality crowd is equally important as our fundraising effort. Due to the attendance of Senator Bentsen and former Vice President Walter Mondale as well as other officials, this event will receive extensive national press attention.

We will be in need of firm estimates as soon as possible of attendees from your area to insure that we have adequate seating at the event.

Thank you for your assistance and remember that your personal attendance will be very much appreciated.
