Dear Dr. Garcia:

I want to take this opportunity to thank you for helping to make our celebration of National Hispanic Heritage Week at the Health Care Financing Administration (HCFA) a big success this year. Your contribution to our pamphlet on prominent Hispanics is appreciated. I am enclosing several copies of the pamphlet for your information. It was distributed to hundreds of employees at the central offices of HCFA and the Social Security Administration here in Baltimore. The photograph and biographical material which you submitted are also enclosed for your files.

Again, Muchas Gracias! for your support.

Sincerely,

Ann Gonzales
Chairperson
HCFA Hispanic Committee
