April 22, 1985

Dear Doctor,

Due to a couple of unfortunate circumstances my return to Corpus has been delayed for at least a couple of weeks. My sister had a series of severe heart attacks and is presently being evaluated for open heart By-Pass Surgery. My son's wife baby was born Apr. 20 by C-section. So it appears as it will be two more weeks before I will return to Corpus.

Hope things with you are OK and that you are still improving daily from your surgery, and that things in general are as normal as can be for you. Have been in touch with Samaron & Jimmy GI Forum locals in San Diego, Jake Alarid in LA & Luke Flores in Garden Grove.

Hope the AGIF in Corpus is still alive and well and functioning satisfactorily. Am in touch with Johnny Alarid our VP. Hope Rudy Cantre is helping you with daily AGIF requirements.

Believe it or not I miss my daily involvement as chairman of the AGIF.

and miss your hell raising and miss
being fired by you 2 or 3 times
a week.

Give my best regards to your staff
Mary, Norma and Dolores and say
hello to: JOSE ANTONIO
VIERA.

miss the Saturday Domino Games
and the opportunity to tell you
my dirty jokes

Hope the Founder's Banquet is
shaping up O.K. - By the way
did Salomon Ortiz ever marry
you nice private nurse?

See you in a couple of weeks
so I can straighten all the
mess my officers have made
with the Corps ABIF Chapter

Got about a hundred new jokes
to tell you.

Sincerely,

Your faithful Forumer
and Friend
Gilbert Casar
