Dear Dr, Garcia

You were very considerate to contact Congressman Solomon Ortiz and Senator Lloyd Bentsen's Office to recommend our son Henning for a summer occupation in Washington D.C. Henning and certainly Franz and I have appreciated your effort very much, since we know, how far reaching your influence is. Henning was truly impressed to see how easy you had access to the most important offices. Thank you again for your kindness and helpfulness, I hope we have not imposed too much on you.

Truly Yours'
