

## I. A CALL FOR ACTION!

Time is now for you to get involved in the celebration of the most important event of our century. Thousands of other Americans are already committed. Let's make it unanimous. Our Commission invites every organization to join in this great opportunity to bring our nation together in understanding and appreciation of our heritage. Our goal is to involve all of Corpus Christi in *The Promise of America* with a focus on the heritage of our community and nation, our cultural heritage, and on the future of America.
