Dear Doctor Garcia:

I deeply appreciate your courtesy in mailing me copies of correspondence concerning the ethnic classifications to be used in the food stamp program.

I certainly concur in the suggestions made in this correspondence and will to what I can to see that such designations are properly used in the future.

Thank you for your interest in this matter, and let me know if I may be of further service.

Very truly yours,

A handwritten signature in dark ink, appearing to read "L. DeWitt Hale", is written over the typed name.
