Dr. and Mrs. Hector P. Garcia

Dear Hector and Mrs. Garcia:

B. A. and I are most appreciative of your thoughtfulness concerning our mother and family. She was a person who had a very happy and complete life with a great love for her family which was fully reciprocated. Yet no one is ever ready for such a loss. The outpouring of affection and sympathy from friends such as you has been most helpful.

Thank you again for the kindness that we have always seen expressed to us by the Garcias.

Sincerely,

Lloyd Bentsen
