Dear Dr. Garcia:

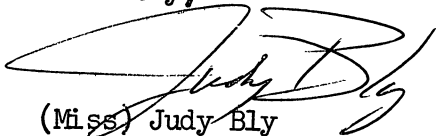

We appreciate your allowing Jesse Avila, a senior advanced placement English student from Carroll High School, to visit with you on Wednesday, November 30, 1977, from 9:00 a.m. to 3:00 p.m. This is an attempt to assist the student with the career awareness and decision-making process by allowing him to visit an employer on a one-to-one basis to observe and learn more about the world of work. All of us involved with this project are enthusiastic about its possibilities.

The purpose of Jesse's visit is one of multifarious objectives -- developing communicative skills, gaining a more in-depth awareness of a career or career-related area which he plans to pursue, acquire a better understanding of human relations in the world of work, and recognize the importance of all work having dignity. During his visit with you, he wants to observe a "typical workday" in your career, ask you questions about your career, and what preparation is recommended for it. If there is any type of unpaid work you would like for Jesse to experience while he is "shadowing", please feel free to do so.

We hope this linkage between school and the world of work will be a meaningful experience for you and Jesse.

If I may answer any questions for you, or assist you in any way, please do not hesitate to call me at 853-0151, Ext. 44.

Sincerely,

(Miss) Judy Bly
