Dear Mr. Garcia:

The Southwest Voter Registration Education Project research department has received additional data this past week on the November 7 Texas elections. This additional data has necessitated the modification of some of the election results reported in our study, Mexican American Voting in the 1978 Texas General Election, which was made available at the MAD convention.

Enclosed you will find a more up-to-date version of the report.

We hope that this report will be of use to you, and that the modification has not caused any inconvenience.

Sincerely,

Choco Gonzalez Meza
Research Director
