

THE WHITE HOUSE

WASHINGTON

October 2, 1979

Dear Dr. Garcia:

On behalf of the President, I thank you for spending the day with us here at the White House on August 14. I trust that the information from the President's senior advisors was helpful to you.

The comments and suggestions offered during the day were particularly helpful to me and, I feel, helped to broaden the perspectives of the Presidential assistants who participated or attended.

We will continue to welcome your advice and your support. To facilitate this communication, I have asked Henry Wright of my staff to be available to you when you need assistance. Her phone number here at the White House is (202) 456-2196.

I hope you enjoy the enclosed memento of the occasion. It is a token of our appreciation for your participation in the meeting and a reminder of our desire for a closer working relationship.

Cordially,
