Dear Dr. Garcia,

We want to invite you to write a comment or an essay, informal and personal, for the Observer's 25th anniversary edition on "The Next 25."

What we are striving for is a collective inquiry into what we should expect, hope for, and work for in the next 25 years--in Texas, in the United States, and in the Observer. We enclose a description of the theme.

But we do not mean to circumscribe what you might want to say. You are a special person in the Observer community, and above all we want to hear from you as we end our first 25 years and begin the next 25.

Please do not feel you have to "make a production" of it--just sit down and write us what is in your mind. We will be honored to have you do this, if you can.

Best,

Ronny Dyer *Linda Locant* *Eric Hartman*

Co-Editors, The 25th Anniversary Issue

¡Salud! Dr. Garcia.
