General Kenneth A. Houseman
Post Office Department
Washington D. C.

Dear General Houseman:

The enclosed letter from Dr. Hector P. Garcia is, of course, self explanatory. The Doctor makes, I feel, a quite valid point. Since the E. E. O. coordinators are specifically concerned with discrimination problems, it would seem illogical to me not to have one of these positions assigned to the Corpus Christi and/or South Texas region extending to the Rio Grande River.

Your careful consideration of Dr. Garcia's request and his recommendation of Mr. Cornelio Gonzales for such a position would be deeply appreciated by me.

Sincerely,

Ralph Yarborough, Chairman
Appropriations Subcommittee
Post Office - Treasury
