Dear Dr. Hector:

As I indicated in our previous long distance telephone conversation, since my return to Washington I have worked with Labor Department officials concerning the Comprehensive Employment and Training Act grant for the American G I Forum Veterans Outreach Program.

As I stated previously, I want to work closely with you in order to make sure the American G I Forum is provided the total grant amount they are eligible to receive under Public Law 93-203. I am enclosing a copy of the Comprehensive Employment and Training Act of 1973 which sets out in Section 103(a)(1) the very complex formula followed by the Labor Department in allocating funds under this Act. While the language found in Section 2 which sets the statement of purpose of the Act discusses 3 categories of eligible persons, it is the formula found in Section 103(a)(1) that controls the allocation of monies.

I would appreciate your reviewing the formula as found in the enclosed and providing me with any figures available to the American G I Forum which would indicate a discrepancy in funds thus far allocated under the CETA program. With this information in hand, I will again contact Labor Department officials and express my continued interest in your application.

With kindest regards, I am

Sincerely yours,

John Young

Dear Dr. Hector:

I want to acknowledge and thank you for sending me the copies of correspondence between Dr. Rene Guevara and the American Embassy at Managua, Nicaragua, reference his application for permanent residence visa.

These papers should facilitate locating the file in this case, and I have forwarded them along to the United States Ambassador Turner B. Shelton with a personal letter requesting that he offer all possible assistance in this compelling case. Please be assured of my continued best efforts, and I will keep you closely advised of further information received.

With kindest regards, I am

Sincerely yours,

John Young
