Dear Doctor Garcia:

As I indicated in a letter to you recently, I had requested but had not yet received comments from the Texas Education Agency on a report by the U. S. Commission on Civil Rights, entitled "Toward Quality Education for Mexican Americans." Since those comments have now been received, I am forwarding a copy of them to you.

In addition to the enclosure from the TEA, you may also be interested in the enclosed copy of a report by the U.S. Department of Commerce which contains certain data on the demographic, social, and economic characteristics of persons who are of Spanish origin.

If I can be of assistance to you at this time, I trust you will let me know.

Sincerely yours,

John G. Tower
