

THE SECRETARY OF THE INTERIOR
WASHINGTON

November 6, 1963

Dear Dr. Garcia:

Thank you for your recommendation of Mr. Cornelio Gonzales for employment at the Padre Island National Seashore. We are sending him job application forms and information on how to submit them.

If this works like some of the other newly created seashores, there will be very few jobs of this sort available at first, as little or no land is actually in Federal ownership and under the control of the National Park Service. However, if there are any suitable openings you may be sure that we will give Mr. Gonzales every possible consideration.

Sincerely,

A handwritten signature in black ink, which appears to read "Stewart L. Udall". The signature is fluid and cursive.
