

February 21, 1956

Mrs. Dolores Ulivari
1555 So. Umatalla
Denver 23, Colorado

Dear Mrs. Ulivari:

I certainly was glad to receive the very fine letter from you and I certainly want to thank you for the clippings you sent me about the "Study of Migratory Labor".

In spite of the fact that, ~~if~~ the bill didn't pass, I believe that we have made great progress in the matter. Perhaps, next year we can try it and with the proper backing of other groups including the Church groups, I am sure that we can achieve this very important humanitarian study.

I have finally finished working on the National Constitution and it has already been sent out to the State Officers for their study and recommendations.

This year, the National Convention will be held in Albuquerque New Mexico on June 15, 16 and 17th. I certainly do remember seeing you at the Hospital, and I know that your husband, Dr. Ulivari was very happy about the fine baby. I hope that this year, I will have the pleasure of visiting with you again in ~~Minneapolis~~ New Mexico or Colorado. We are planning on having a bigger delegation this year than the previous years.

Please give my regards to all of the members and officers of the fine group of the American GI Forum of Denver, and I still hope that soon, you will help me organize the first GI Forum in Wyoming. As you know, now we have a GI Forum in Nebraska, where we didn't have one before and we are ~~marking~~ looking forward towards organizing one in Michigan.

Goodbye and goodluck.

National Chairman,

2--Mrs. Dolores Ulivari, February 21, 1956.

that soon, you will help me organize the first GI Forum in Wyoming. As you know, now we have a GI Forum in Nebraska, where we didn't have one before and we are looking forward towards organizing one in Michigan.

Goodbye and goodluck.

Your National Chairman,

Hector I. Garcia, M.D.
