## BUREAU OF BUSINESS RESEARCH COLLEGE OF BUSINESS ADMINISTRATION UNIVERSITY OF NEW MEXICO ALBUQUERQUE, NEW MEXICO

Dr. Hector P. Garcia 3024 Morgan Ave. Corpus Christi, Taxas

Dear Hector:

I sent in the news report to Rodriguez on our trip to Plainview. In the copy of my letter you probably found out what was accomplished. We stopped in Clovis on the way back and turned over the GI Forum material and some money that was still in the treasury of the Clovis Forum to Jerry Duran. Clovis has been inactive for over a year. We met with the previous officers, who decided that they could not get the organization active in Clovis. They turned over about \$60.00 to Vicente B. Jasso. Fortunately, we found that Jerry Duran was working in Clovis. We found him, and he is eager to start getting more active in the GI Forum.

I am going to Tuscon,  $A_{r}izona$  on October 23, 24, 25, and 26. I am going to attend a conference as representative of the University of the Bureau of Business  $R_{e}search$ . There are two other professors going with me and we will use a State car. However, after the day conferences I will be free to call on people and to get a GI Forum going. If you have some people that you already know are interested in the GI Forum please let me know. Otherwise I will seek the aid of the local priest.

The Colorado Badge & Novelty Company quotes me a price of about \$1.70 per cap. However, the cap emblems must be in a lot of 320. I am ordering 120 Ladies Auxiliary caps from them which they should deliver in about 4 weeks.

Vicente Jasso is doing very fine work in New Mexico. He attended the FEPC hearing on the railroad. He sent in the report to the news bulletin. It seems the local Brotherhood refused to furnish the Constitution to the Commission. The Commission ordered an investigation. I only wish the Colorado and Kansas Forums also come through with complaints to the Commissions. These two States have FEPC and I believe Ohio and Michigan have too.

Love to Violita and Beatrice.
