December 22. 1958 Prof. Vicente Ximenes 621 Gabaldon Road NW Albuquerque, New Mexico Dear Mr. Ximenes: Please send me about 200 membership application forms as my supply is now depleted. Rush them im-mediately as I will be in the valley of Texas Sunday December 28 and will need them then. Mr. Ximenes, it certainly is a shameful thing to forget the " CONTESTAME POR FAVOR" resoution so unanimously approved at the National conventicion held in Corpus Christi on July 3, 4, 5, & 6 of this year. Despite the bulletins mailed to the groups and state and national officers the response is slow and at times indefinate. Let me recommend that you as our national executive secretary print that in capital letters on your next bulletin. The state officers of the Junior groups in Texas are in the process of initiating a drive for a scholarship fund for the Juniors. Corpus Christi is the first city to demonstarate their co-operation so willingly and unselfishly. The proceeds of any activity engaged in by the mocal groups for this purpose or objective will be shared by the local and state Junior treasury on a 50-50 basis. Send me any lists that may be of help to me and above all do not fail to send some application forms immediately. Wishing you and yours a happy holiday season, Yours in the GI Forum. ee:Dr.H.P.
