

The National Urban Coalition

2100 M Street, N.W. • Washington, D.C. 20037 • 202/293-7625

January 7, 1974

Dear Steering Committee Member:

The next meeting of the Steering Committee is scheduled for January 18 at 10:30 a.m. in the 34th Floor Auditorium of the Time/Life Building, Rockefeller Center, New York City.

As I indicated in my earlier letter to you, we were trying to schedule a speaker from the new Federal Energy office to address us at that time. I am very pleased to announce that Mr. William E. Simon, Administrator of that office, has agreed to participate. The meeting will be closed to the press and visitors. We are asking strict observance of this restriction, since these are the terms under which Mr. Simon agreed to join us.

In order to allow adequate time for the energy discussion, we have divided the meeting into two segments. The first will begin at 10:30 a.m. and will conclude at 12:00 noon. During this portion we will discuss those items listed in I - V. of the attached agenda. At noon, we will serve a sandwich lunch and cocktails.

The second part of the meeting, which begins at 12:30, will be completely devoted to the energy shortage. In addition to Mr. Simon, we have asked the following persons to report to us, from their own perspectives, the implications of the shortage for city dwellers.

Leonel J. Castillo
City Controller
Houston, Texas

Vivian W. Henderson
President
Clark College
Atlanta, Georgia

Hon. Moon Landrieu
Mayor of New Orleans

Bill Lucy
International Secretary/
Treasurer
American Federation of State,
County and Municipal Employees
Washington, D. C.

Lelan F. Sillin, Jr.
Chairman and President
Northeast Utilities
Hartford, Connecticut

I hope you will be able to attend the meeting as
it will be one of the most interesting and informative
we have ever had.

Sincerely,

M. Carl Holman
