Re: Position of Rural Route
Carrier in Victoria, Texas.

Dear Dr. Garcia,

We heard about your recent trip to meet with President Kenedy. We are certain that you let him know your views. Our organization passed a resolution in their regular meeting to endorse Manuel Villafranca for the position of Rural Route Carrier. Mr Villafranca is an active member of the organization, has 17 years of experience in the postal department and is well qualified to fill the position.

Our organization is the only permanent local organization that has actively participated in Poll Tax Drives and elections of local, state and national offices for the past fourteen (14) years. We have worked with all organizations interested in the betterment of our people. We are grateful for the leadership you have given our people.

In the interest of encouragement to our people, party unity, the strengthening of the Local Democratic Organization and the community good faith, we urge the selection of Manuel Villafranca to this position. We solicit your help and support in attaining this end.

Ralph G. Castillo
Manuel F. Reyes
