Corpus Christi, Texas

Dear Dr. Garcia:

Upon receipt of your letter and the letter from Mr. Rocha I took the liberty of calling upon Mr. Russell Poling, the legal adviser of the Hospital system as well as a friend of mine.

By now I am sure you have received a copy of the letter from Dr. McShane, the Director of Tuberculosis Hospitals.

I was thinking, Doctor, that in obedience to Senatorial courtesy, it also might be advisable for you to contact Senator Bruce Reagan, the Senator in your and Mr. Rocha's district, at least to inform him and keep him posted about this matter.

I don't mean by this that I am trying to evade or duck, for I am naturally intensely interested and will visit the hospital and talk to the administrators anyway.

In view of Dr. McShane's letter will you please let me know your pleasure. I want to do everything I can to help.

Very sincerely,

Henry B. Gonzalez
