Dear Hector:

If you can tell me how the food was in the "clink" perhaps I will try it myself. By now I suppose that our Compadre, Jimmy, got you out on a 3 day pass. Seriously, I do commend you for your courage and decency in offering the kind of leadership displayed recently in the school controversy at Corpus Christi. Needless to say, you have always had lots of heart and as the years go by you do not seem to lose one damn bit of it. Keep up the good fight and please receive my best personal regards.

Sincerely,

R. P. (Bob) Sanchez
