Dr. Garcia,

My first appeal to you for help was on July 14, 1970, and made again in September of 1970.

Further appeals have been made to the past and present State Director of the G.I. Forum as well as to the Editor of the Forumeer. I have not recieved any response from anyone.

I have tried to deal with you in a gentlemanlike fashion as befits the Chicano and his way of life. Your total neglect of my pleas forces me to more drastic action.

Be informed that ten days after the postmark of this letter, your National Organization will be faced with a Civil Rights suit charging discrimination by one Jose C. Ortega.

This is not a threat but a promise.

Sin Mas

Jose C. Ortega
