Dear Cecil:

The Hubert Humphrey whirlwind through Corpus Christi last August has left us holding the bag with approximately \$500 worth of unpaid bills - agency, government and political.

You may recall seeing the bill for an item of \$75.82, which covered sandwiches, coffee and soft drinks for the Secret Service, advance guard and special people with Hubert Humphrey, on the night that he gave his speech. Mr. Spence ordered the refreshments so they could function and still not be denied food that evening. It was delivered to Room 1510, which was occupied by Mr. Dwight F. Rodgers, and one other of Humphrey's group. When this item was presented on Mr. Spence's bill, Mr. William Anderson disallowed it and told us to collect from the G.I. Forum. James deAnda, in his letter back to us, said it was not their responsibility.

I would appreciate a call from you so we may discuss the matter.

Sincerely,

THE ROBERT DRISCOLL HOTEL
