Dear Dr. García:

Upon several occasions last month I tried to contact you by telephone. Realizing the many demands upon your time, I thought perhaps I would have an opportunity to speak to you in Austin with reference to my candidacy for the Texas Legislature.

I would greatly appreciate an opportunity to hear from you personally what you feel is most needed in the matter of legislative measures for the benefit of the residents of Nueces and Kleberg Counties, or rather I should say for the residents of South Texas.

I, among many others, regretted that you were not able to stay for the entire conference, however, Dean Keeton read your telegram at the banquet Friday night; and Father Casso's words Saturday morning initiated a standing ovation for Professor Witherspoon.

Sincerely yours,

Frances Tarlton Farenthold
