

December 31, 1964

Dr. Hector P. Garcia
Morgan Street
Corpus Christi, Texas

Dear Hector:

Enclosed you will find my Form 57, and I trust you will find everything in order.

Let me review a few things with you so that you may better appreciate my position and also be better prepared to render your assistance.

I desire to gain full time employment and at the same time finish my legal education. I believe Washington DC is the answer because of the complete night school program, plus the fact that I would like to continue in government service, and the contacts up there would prove invaluable.

I do believe that I can do well; for this has been my prime objective in life ever since High School. Much criticism has been leveled at me by other members of the family for giving up a Regular Army Career; but it is my belief that this is where my future lies.

Rest assured that I will not disappoint you.

I am in communication with Mr. Ramos and Mr. Jimenez in Washington, and they are familiar with my case. Also, please feel free to inquire as to any need for additional information or references.

My military address is: 1/Lt A. Garcia, 05409301
2nd Det., 2nd Bn. TSB.
Ft. Benning, Georgia

Very truly yours,

Amador Garcia
