Dear Dr. Garcia,

I'm a few months late in thanking you for the snapshots taken in Albuquerque last year. Thank you for being so thoughtful & kind in sending us a copy.

I was hoping we would be seeing you at one of the conventions, but I am afraid there will never be any more Conventions for us. You see we are no longer recognized as members.

And under the instructions of the State & National officers, I am to be escorted out by police officers any time I attend a meeting. It has been done once already; next time I shall be put in jail. Why? I don't know.

It has been a privilege to

all you have done for us and
for being so kind to me.

If you are ever in Pueblo
call or drop in and say hello
to us. Let us know how the
National Convention turned out
I know it will be one of your
biggest & best.

Sincerely,
Mrs. L. M. Garcia
(Gomara)

I have belonged to the Forum. I
wish I had put what I learned
for you to better use. Instead
I have been a hindrance, trouble
maker and ^{or} embarrassment
to everyone, and for this I
hope you will accept my most
humble apologies. Because ~~to~~
~~meeting~~ know you has been the
nicest thing that has ever
happened to me.

Luz & I have learned a lot
from you, but I, I think have
learned the most, because Luz
already knew part of it. You see
he went to college, I only went
to the eighth grade and for that
I thank you from the bottom
of my heart.

With this, I close my short
note and again thank you for
