

August 19, 1985

Dear Judge Garya,

I want to thank you for the calm, professional way you conduct your courtroom. I was very nervous about being in court; and, no matter which way the verdict would have gone, I would have appreciated your professional, calm, fair manner.

Children and teaching are my love; and, as I watched you in court today, I was reminded of how important it is for a person in charge to always try to make those around them feel respected and treated with kindness and fairness. Thank you again.

Very Sincerely,
Theresa Moore

Dear Judge Garza,

I felt compelled to write you
a note thanking you for your
understanding today at court — more
accurately in the hall at court —
that's right I'm the idiot that was
crying about the grading ticket.
I'm very frustrated about the
(over)

outcome of my case, but I've
learned a very important lesson...
lawyers really do have a place
in society!!

Thanks again for dealing
beautifully with a "crazy"!

Sincerely,
Linda B. Smith
