Dear Dr. Garcia:

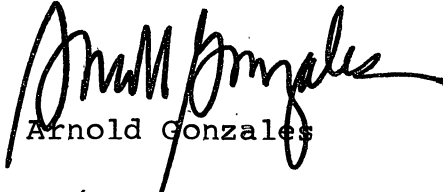

Mary Alice and I wish to express our most sincere appreciation for the tremendous support you have given to our efforts in this community.

The ultimate success of our recent "Pachanga" could not have been realized without your generous participation. It is this type of support and cooperation that allows for good people to come together in working for a better Corpus Christi and a better tomorrow for all our Citizens.

If I can ever be of service to you please call on me. Together we can work on goals which will indeed make Corpus Christi a great place to live.

Again, thanks for your friendship.

Your friend,

Arnold Gonzales
